NAMING THE MARINERS

The nickname "Mariners" was selected by the ownership of the Seattle franchise after a "Name the Team Contest" that resulted in over 15,000 entries and over 600 different names being submitted.

When the name "Mariners" was chosen, all the entries suggesting the name were reviewed for their reasons (in 25 words or less).

The winner was Roger Szmodis of Bellevue, Wash. His entry read, "I've selected Mariners because of the natural association between the sea and Seattle and her people, who have been challenged and rewarded by it."

MARINER OWNERSHIP

GEORGE L. ARGYROS
Principal Owner

Since purchasing the Seattle Mariners on January 14, 1981, George Argyros has become one of the most active owners in Major League Baseball. He is very involved in numerous activities in the Pacific Northwest while serving on some of the most important action committees in the game of baseball.

An aggressive and innovative owner, Mr. Argyros is a member of Baseball's Revenue Sharing Committee, Restructuring Committee and Commissioner Selection Committee. He is also a member of the Board of Directors of the American League. In these roles, he is responsible for the future of baseball at the national, international and local levels.

In his two years as owner of the Mariners, George has placed a priority on community involvement, continually encouraging the players, staff and front office personnel to work closely with charitable, civic and business groups throughout the Northwest, while participating himself. For the past two years, he and his wife Judie have served as chairpersons of Western Washington's United Cerebral Palsy Telethon. He has also been chairman of the Puget Sound Chapter, National Multiple Sclerosis Society's fund-raising effort. This emphasis is an extension of his long-time association and work with similar groups on a national level like the National Conference of Christians and Jews, Boy Scouts of America and the World Affairs Council.

Mr. Argyros, 45, has business interests in Southern California and the Northwest, with company offices located in Santa Ana, California. He was born in Detroit, Michigan, and raised in Pasadena. He attended Michigan State University and Chapman College, graduating with a major in Business and Economics in 1959.

George Argyros is President of Arnel Development Company, and Chairman of the Board of Arnel Management. In 1981 he became Director and Chairman of the Executive Committee of Air Cal, an airline serving the West Coast, including Seattle and Portland.

He is Director of Commercial Financing Services, Newport Bancorp and Coast Thrift and Loan.

Mr. Argyros serves as Chairman of the Board of Trustees of Chapman College, one of Southern California's fine private colleges; is active in the Young Presidents' Organization and is in numerous other civic and community activities.

DAVE NIEHAUS (radio and TV) has been behind the microphone for every Mariner regular season game since joining the American League in 1977 — except one (his son Andy was graduated from Interlake High School in June, 1982). He is recognized as one of the best and most exciting broadcasters in the game of baseball, and he has become instantly identified with Mariner baseball wherever he goes. His expressions like "My Oh My" and "It will fly away" (for home runs) have become familiar throughout the Northwest.

Dave was born and raised in Princeton, Indiana, and is a graduate of Indiana University, where he worked for the campus radio station. He then went to work for the Armed Forces radio and TV service, calling the action for Los Angeles Dodger games before moving to New York to handle Yankee baseball as well as basketball and hockey from Madison Square Garden. After leaving the service, he returned to work in Los Angeles to broadcast the Dodgers, Rams and Lakers. From 1969-76, he teamed with Dick Enberg and Don Drysdale to call the action for the California Angels on KMPC Radio. Dave also broadcast UCLA football and basketball (1973-76). He now resides in Bellevue with his wife Marilyn and their children Andy, Matt and Greta.

RICK RIZZS (pronounced RIZ) joins the Mariners in 1983 to handle the play-by-play with Dave Niehaus on radio and television. Rizzs, 29, broadcast the Columbus (Ohio) Clippers of the International League (AAA) and Ohio State football the past two seasons on WBNS Radio, where he also served as sports director. He is a 1975 graduate of Southern Illinois University in Carbondale. From 1975-80, Rick was the play-by-play announcer at the AA level with the Alexandria Aces, Amarillo Gold Sox and Memphis Chicks. He was named the Ohio "Sportscaster of the Year" in 1981 by the Ohio Sportscasters Association. He and his wife Kira have one son, Nicholas.

WES STOCK (TV) enters his second season as the TV color commentator on KSTW-TV after 26 years in the game of baseball. He went directly to the TV booth after serving as the M's pitching coach from 1977-81. Wes pitched for eight seasons in the American League with the Baltimore Orioles and the Kansas City Royals (1959-67), including 7-0 and 8-3 seasons for the Orioles (1963-64). He was recognized as one of the finest pitching coaches in baseball while associated with the Mets, Brewers and A's organizations before coming to Seattle. He earned World Championship rings with the A's in 1973-74.

Wes is a native of the state of Washington, born in Longview, raised in Shelton, attended Washington State University in Pullman, and resides in Tacoma with his wife Bev. His 22-year old son Jeff is a member of the Seattle Sounders of the NASL, and 19-year old Kevin is a third baseman in the Texas Rangers' organization.

The A.L. suspended Perry for 10 days and fined him $250; the suspension began Sept. 17, after an appeal process.

SALT LAKE AND LYNN CAPTURE LEAGUE TITLES

For the first time in the organization's history, Mariner's Triple A and Double A farm clubs entered post-season play.

The Salt Lake Gulls topped the Albuquerque Dukes in the final days of the regular season to win the PCL's southern division second half title. However, the Dukes bounced back in the divisional playoffs to capture the southern crown, sweeping the Gulls, 2 games to 0.

After a 30-30 first half mark, the Lynn Sailors ran away with the EL's northern division second half title (25 games over .500). The Sailors then swept Glens Falls in the opening round of the playoffs, 2 games to 0, before losing in the championship series to West Haven, 3 games to 0.

BRUCE BOCHTE RETIRES

At the age of 32, Bruce Bochte announced his retirement from the game of baseball in December of 1982. The all-time Mariner leader in hits, doubles, runs-batted-in, total bases, extra-base hits and walks, had gone through the free agent re-entry draft last November. Bruce joined the Mariners in 1978, signing as a free agent after three and a half seasons in the American League with California and Cleveland.

In 1982, Bochte played both left field and first base, while leading the team in batting (.297) and tying for the team high in hits (151) and game-winning RBIs (9).

In eight full seasons, Bochte batted .286 (including a .290 mark in 5 seasons with the M's). He was an American League All-Star in 1979, when the game was played in the Kingdome and he received a standing ovation in his home park.

TEMPE DIABLO STADIUM

Tempe's Diablo Stadium was completed in 1968, and was used by the Seattle Pilots and Milwaukee Brewers for spring training from 1969-71. In addition to the stadium, the complex includes two and a half diamonds for baseball and two recreational fields. Stadium capacity is 5,600; dimensions are 360 down each line, 420 to the power alleys, and 430 to center. The Mariners have been training there since the 1977 expansion season. It is owned and operated by the City of Tempe Parks and Recreation Department.

GROUND RULES

1) **Photographers' Area:** The ball is in play if it hits retaining wall and bounces back onto playing field.
2) **Batted Ball Hitting Speakers or Roof:** In FAIR territory — in play and judged fair or foul in relation to where it lands or touched by a fielder. If caught, the batter is out and runners advance at their own risk.

   In FOUL territory — is automatically a foul ball. If caught the batter is out, and runners advance at their own risk, otherwise ball is dead.
3) **Outfield Area:** Fairly batted ball in left, center or right field clearing the yellow line is a home run.

   Any ball bouncing above yellow line is automatically a two-base hit.

SPEAKER NOTES

The outfield speakers in left, left center and center fields were raised prior to the 1981 season from 100 ft. to 132 ft. above the playing surface. From 1977 through 1980, a total of 7 batted balls hit speakers in fair territory. The first was by Boston's **Butch Hobson** on April 25, 1979; the last was in back-to-back games by New York's **Bob Watson** Aug. 19-20, 1980. All 7 times the ball fell safely for a base hit.

Batted balls have hit speakers in foul territory many times. In addition, the special basketball speakers above first base and the basketball scoreboard behind the plate have been hit . . . Three times a fielder has caught the carom off a foul speaker for an out, the last time by **Bruce Bochte** on May 19, 1980 . . . On Aug. 4, 1979, Mariner outfielder **Ruppert Jones** popped a foul that stuck in the speaker above the first base dugout; it was ruled a strike.

THE RBI CLUB

The RBI Club is a group of area business men and women who are dedicated to the development of the game of baseball in the Pacific Northwest, and dedicated in particular to the Seattle Mariners. RBI stands for "Real Baseball Involvement", and the members have become an instrumental part of Mariner baseball since the charter was set in February of 1980. The major thrust has been in the area of season tickets sales. The current "Commissioner" is Bob Brennan, President of Princess Tours. The President of the American League is Virgil Fassio (Publisher of the Seattle Post-Intelligencer); President of the National League is Stan Little (Vice President, Industrial Public Relations of the Boeing Company). The club members are drafted into 12 teams in two leagues, which compete in the sale of Mariner season ticket packages.

SUSPENDED GAME RULE: A game terminated for any of the following reasons will be a suspended game **IF** it has progressed far enough to be an official game (i.e., 4½ or 5 innings): (1) a curfew imposed by law, (2) a pre-arranged time limit, and (3) darkness where local law prohibits turning on the lights.

A game terminated by light failure or malfunction of a mechanical device under the control of the home club will be a suspended game AT ANY TIME AFTER IT STARTS.

Beginning in 1980, if WEATHER forces the termination of a legal game while an INNING IS IN PROGRESS, it will become a suspended game if either of the following two conditions exists:

(1) The visiting team has scored one or more runs to tie the game and the home team has not scored, or

(2) The visiting team has scored one or more runs to take the lead and the home team has not tied the score or taken the lead.

If a legal game is tied when called because of weather and neither situation listed above prevails, it is a tie game and must be re-played in its entirety.

Suspended games shall be resumed at the exact point of suspension immediately preceding the next scheduled single game between the two clubs on the same ground. If this is not possible, other provisions for resumption are specified in A.L. Regulation 3.8.

A game called at the END of a completed inning AFTER NINE INNINGS for any reason shall be a suspended game. Prior to 1969, the game would have been declared a tie and re-played in its entirety at a later date.

1982 MARINER HIGHLIGHTS

BEST YEAR YET: With 76 victories and a fourth place finish in the A.L. West, the Mariners enjoyed the winningest season in their six seasons of play. At the All-Star break, the M's were 45-41 and just 4 games out of first place. They were 59-59 through the first game of a doubleheader at Detroit on Aug. 17, the latest point of the season ever for the club at the breakeven mark.

WIN STEAKS/WHEN YOU'RE HOT YOU'RE HOT: From May 22 through the All-Star break (July 11), the Mariners had the best record in baseball (28-16). During that stretch, they put together the best streaks in club history. It began with a 5-game win streak May 22-27, then extended to — 8 of 9; 12 of 16; 19 of 28; 26 of 38; and 28 of 41.

ATTENDANCE TOPS A MILLION: Mariner home attendance topped the million mark in 1982 (1,070,406) for the first time since the inaugural season, 1977. The average of 13,215 for the 81 dates was up nearly 2,000 over 1981. The season total was up 234,202 over the last full season, 1980. In the major leagues in 1982, 25 of the 26 teams topped the million mark, the Minnesota Twins the only exception.

CLOSE CALLS/EXTRA INNINGS: Mariner Hardball produced more exciting, closely-contested games than any other season in club history. As evidence of this, the M's . . .

- were 31-24 in 1-run games, the most 1-run wins in the A.L. in 1982; the 55 1-run decisions were the second most in the league (Toronto led with 58)
- came from behind to win 40 times
- scored the game-winning run from the 7th inning on a total of 31 times
- scored in the 9th inning to win, or to tie and go on to win a total of 14 times
- played 21 extra-inning games, most in the A.L. (9-12)
- were involved in 85 games decided by 1 or 2 runs, a figure topped by just 1 A.L. team (Toronto with 95)

PITCHING STAFF DOMINATES: The 1982 Mariner pitching staff was the best in the club history, and one of the best in the A.L. They set club records in many categories — ERA (3.88, 4th best in A.L.), shutouts (11, tied for 3rd), saves (39, tied for 3rd), fewest hits (1,431), fewest runs (712).

Strikeouts: Mariner pitchers combined to strike out a total of 1,002 batters in 1982, which . . .

- set a club record
- led the American League
- tied with Philadelphia for major league high
- marked the first A.L. team to reach the 1,000-mark since the 1973 Angels (1,010)

The Bullpen: The Mariner relief crew was the busiest in the A.L., making a total of 303 appearances, setting club records for relief wins (26) and saves (39). The bullpen was involved (win and/or save) in 56 of the 76 Mariner victories, and the 39 saves came in a total of 50 games in which they were presented save situations. The relief ERA was a combined 3.38.

Three Mariners ranked in the top ten in the A.L. in appearances — No. 1 Ed Vande Berg (78), No. 4 Bill Caudill (70) and No. 8 Mike Stanton (56). The Vande Berg-Caudill duo was the busiest in the A.L., topped only by the Pittsburgh combo of Kent Tekulve and Rod Scurry (161 appearances).

Rolaids Relief Team Standings: (2 pts. for win and save, minus 1 for loss)

Team	W	L	S	Pts.
Boston Red Sox	38	19	33	123
Kansas City Royals	22	14	44	118
Seattle Mariners	26	18	39	112

DOME RUNS: For 3 straight seasons (1979-81), more home runs were hit in the Kingdome than in any other major league park. The string ended this year, however, as the Mariner home was third in the home run parade behind Tiger Stadium in Detroit (208) and the Metrodome in Minnesota (191). A total of 182 roundtrippers were hit in the Kingdome (78 by the Mariners). The raising of the right field wall from 11½ to 23 ft. affected 22 shots that would have been homers previously.

HOME SWEET HOME: The 42-39 record in the Kingdome was the Mariners best-ever at home; on the road the M's were 34-47.

ITEMS OF INTEREST

AMERICAN LEAGUE CURFEW RULE—All night games must be called at 1 a.m. local time. But if an inning is started prior to 1 a.m. city time, it can be completed.

BATTING/PITCHING (ERA) CHAMPION QUALIFICATIONS—502 or more plate appearances, 162 or more innings.

DEFINITION OF NIGHT GAME—Any game scheduled to start after 6 p.m. will be considered a night game. If a game is scheduled to start at 6 p.m. and is delayed for any reason, it will be considered a day game. If a game is scheduled to start at 6:01 p.m., it will be considered a night game. Twi-night double-headers shall be included in double-header statistics and shall be considered two night games. When afternoon and night games (separate admissions) are played on the same date, the games shall be day and night and count as single games.

DESIGNATED HITTER RULE—A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game. The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game, may be used defensively but the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role. The designated hitter is eligible for all American League batting titles. The designated hitter named in the starting lineup must come to bat at least one time, unless the opposing club changes pitchers.

FREE AGENT DRAFT RULE—A BRIEF SUMMARY: Major League and National Association clubs meet twice a year for the purpose of drafting free agent player talent. . . The winter meeting is conducted by conference phone. . . Selection of a free agent entitles the club to the exclusive right of negotiation with that player for a specified period (from date of selection until 15 days prior to next draft meeting).

There are two phases to each draft meeting:

(1) Regular Phase—Clubs choose in inverse order of major league standings, selecting free agents and previous draftees who had not signed contracts but had instead enrolled in four-year colleges and since had either completed his junior year or become 21 years of age. . . Each organization may select only one player for each of its major league, AAA and AA rosters but is not limited to the number of picks for "A" level. . . Minor league clubs select in the same relative order as their parent clubs.

(2) Secondary Phase—Selection of free agents who had been drafted previously but who had not signed contracts before the negotiation right expired (except those draftees who had enrolled in a four-year college and had since graduated or become 21 years of age—now drafted in Regular Phase). . . It is possible for a club to redraft a player whom it had been unable to sign after the original selection, but only with the express written consent of that player. . . The order of selection is by lot with the 26 major league clubs divided into two 13 team groups with the groups alternating having first selections in respective drafts.

GAME-WINNING RBI — The game-winning RBI became an official baseball statistic in 1980. It is determined by the "run batted in that gives a team a lead that it never relinquished."

INTERLEAGUE TRADING PERIODS—From 12:01 A.M. on fifth day after completion of world series thru midnight preceding the last scheduled day of the winter meetings, and from 12:01 A.M., Feb. 15 thru midnight, April 1.

MAJOR LEAGUE SERVICE—Baseball measures service in years and days (years + days). 172 days on the active roster during the regular season constitutes a full year.

MAJOR LEAGUE TRADING REGULATIONS—A.L. waivers *are not necessary* to assign a player contract from one club to another within the league *from midnight on the last day of the season thru midnight, June 15 (Pacific time).*

A.L. waivers are necessary to assign a player contract from one club to another within the league *from 12:01 A.M., June 16 thru midnight, the last day of the season (Pacific time).*

A.L. waivers are necessary before a player contract may be assigned from the American League to the National League except during inter-league trading periods. Both A.L. and N.L. waivers are necessary *between 12:01 A.M., June 16 and midnight, the last day of the season.*

PLAYER LIMITS—25 players from opening day through August 31. . . 40 players from September 1 through end of season. . . Players in military service do not count against the under control list while on active duty. Upon separation from the service, a player will be reinstated to his club's normal player limits after he has completed a 15-day trial period or has participated in a championship game, whichever comes first.

ROOKIE QUALIFICATIONS—A player shall be considered a rookie unless, during a previous season or seasons, he has (a) exceeded 130 at bats or 50 innings pitched in the major leagues; or (b) accumulated more than 45 days on the active roster of a major league club or clubs during the period of the 25-player limit (excluding time in military service).

SAVE RULE—A relief pitcher shall be credited with a save when he meets all three of the following conditions: 1.) he is the finishing pitcher in a game won by his club; 2.) he is not the winning pitcher; and 3.) he qualifies under one of the following conditions; a.) he enters the game with a lead of no more than three runs and pitches for at least one inning, or b.) he enters the game with the potential tying run either on base, at bat, or on deck (i.e., the potential tying run is either already on base or is one of the first two batsmen he faces), or c.) he pitched effectively for at least three innings.
